Are you ready for a new challenge? We are a Big Box contractor looking to add to our team of reliable installers for a long-term, 1099 contract position to install storm, screen, and security doors. We are specialists in what we do and love our work! If you have experience in construction, especially carpentry and door installation, then let's talk! We need someone who is independent, experienced, and willing to go the extra mile with customer service. You must be self-motivated, self-directed, a stickler for quality and efficiency, and have an entrepreneurial spirit as you will be working independently in the field and expected to make your own decisions. We are not into micromanaging, so after a bit of training we tell you what needs to be done and expect you to complete the job the best way you can. Working with us means working being in an environment where the schedule is flexible, the work is long-term and consistent, and you will be working alone at different job sites every day. And we pay every Friday via direct deposit. You must have a smartphone and be somewhat tech-savvy as work is assigned through Cilio and Google calendar. You must have construction, handyman, carpentry, and/or door installation experience, a valid driver license, a reliable pickup truck, simple hand tools, and a smartphone. Please respond with the city you live in and your availability. Looking for installers in the Thornton/Westminster/Brighton areas and Aurora/Parker/Castle Rock areas. NOTE: YOU MUST BE ABLE TO PASS A BACKGROUND CHECK AND HAVE OR BE WILLING TO GET GENERAL LIABILITY INSURANCE.
